NEW, CHOICE AND RARE

Chrysanthemums

OFFERED FOR SALE BY

T. H. SPAULDING,

Castlewood, Orange, New Jersey.

It is fitting and proper that in presenting my compliments for the new year I gratefully acknowledge the favors received at the hands of patrons. Without their cordial support it would have been impossible to have attained and held the position I occupy of the largest chrysanthemum specialist in the world.

The wonderful march of improvement in the past few years has necessitated a rigid weeding out of inferior as well as many heretofore considered good varieties ; and in order to become a successful prize-taker at the shows of the present day one has to keep up with the times by providing himself liberally with novelties and recent introductions.

Customers can make selections from this list, whether at high or low prices, with confidence that they will obtain only varieties which, if well grown, will produce the finest exhibition plants and blooms, such as will prove a credit and reward them for their labor.

To my old friends and customers in all countries I extend thanks for past favors, with assurance that for the season of 1894 their orders will receive the same careful attention as has been bestowed in the past. From all those who receive this catalogue and have never tested my stock I solicit a trial order, confident of my ability to please and to retain their custom.

Respectfully yours,

THOS. H. SPAULDING.

INSTRUCTIONS FOR ORDERING.

Terms Cash Unless by Special Agreement.

Orders, except for seeds, cannot be filled of less value than two dollars, unless ten cents additional is remitted.

Please use enclosed Order Sheet, as it will greatly facilitate my work and prevent the occurrence of errors.

Packages will be delivered at Orange free of cost, after which they are at the risk and expense of the purchaser, and in case of loss or delay the purchasers must look to the forwarding companies. *Orders accepted only on these conditions.*

Orange is reached by United States or Wells, Fargo Express Companies.

Should any customer have friends requiring plants, the receipt of their addresses will be duly appreciated.

Plants, except novelties, ready for distribution in January. Novelties, March 1st.

A new low express rate has been made, which is a reduction of 20 per cent. from the regular merchandise rate, but to obtain this rebate packages of less than 100 pounds must be billed as 100 pounds.

Spaulding's 1894 Novelties.

I commend to your notice this collection, which I believe to contain many of the best novelties of the season offered at prices in keeping with the times.

They have been tested two or more years, thus proving their merits. The flowers of all are solid, large and double, not one being coarse, ragged or showing an eye center. Their habit strong and robust, and the set contains nothing of a weak or sickly nature.

Thos. H. Brown. First-class certificate at New York. An immense incurved Japanese variety, clear bright pink, fine rounded form of great depth, with deep strong foliage. The grandest of the extra early, clear pink varieties. Single plants 50c.

Miss G. H. Bates. Solid, extra large, high built, Japanese bloom, approaching in shape the Chinese section, brightest and most intense golden yellow. Single plants 50c.

Mrs. W. H. Trotter. Mammoth broad and deep flower, clear snow white Japanese variety exhibited, twelve inches in diameter, petals rather narrow; many being notched, owing to extreme size and solid form; develops slowly, causing it to last in perfection a long time. Single plants 50c.

Esther Cleveland. Large, handsome, clear, deep rose pink, Japanese incurved bloom of great merit, perfecting itself during December when almost all others have passed. Single plants 50c.

Wm. Plumb. Chaste and beautiful, round and full, dahlia shaped flower, above medium size; outer petals most delicate pearl pink, shading lighter towards the center, middle petals tipped with light canary yellow, giving it a unique appearance. First-class certificate at New York. Single plants 75c.

Eiderdown. Large, perfectly double, incurved, snow white, late Japanese variety, covered with glandular hairs as in Mrs. Hardy, style of Kioto, habit perfect, stems stiff. Single plants 75c.

R. L. Beckert. Grand, incurved, Japanese flower, large solid ball of rich, deep chrome yellow, without a shading, similar to Col. W. B. Smith, bright and perfect self color; the finest of this shade in commerce. Single plants 50c.

Wanless. Very handsome, extra full and large double pearly pink, incurved Japanese, which owing to its size and fullness may be cut in a marketable condition fully one week before maturity, considerably increasing its value. First-class certificate at Boston. Single plants 75c.

Frank Hatfield. Magnificent broad Japanese variety of large size, color delicate silvery-pink, suffused and striped with darker shades, habit strong and robust, stem stiff with foliage well up to the stem. Single plants 50c.

Shawmut. First-class certificate at Boston. Bright light yellow, full and double, having long somewhat twisted florets projecting in all directions, with age interlacing with each other in a most peculiar manner, a strong grower with stiff stems, midseason variety. Single plants 50c.

Snowflake. Beautiful, large, solid, incurved Japanese, full and double, high built solid flower, absolutely no center, color purest snow white, habit perfect. Awarded at Boston first prize for best white seedling, also certificate. Single plants 75c.

Mrs. R. English. Superb high built, solid incurved Japanese, bloom, style and shape of Ada Spaulding, but twice the size and much brighter, the color being a clear rich pink. Single plants 75c.

Mrs. John Dallas. A novel incurved Japanese variety, petals broad and flat, incurving and forming a large symmetrical sphere, color rich apricot yellow, shading to rose, similar to H. F. Spaulding, solid and double, high built, of largest size. A grand acquisition. Single plants 50c.

Judge C. S. Benedict. A most attractive incurved Japanese flower beautiful cupping petals, high built, round bloom, bright clear yellow, very large, full and perfect form. Single plants 75c.

Maud Peirson. Extra large in size, outer surfaces clear deep rose-pink, shading lighter to center. A fine exhibition bloom, high, solidly double and round flower, shape of Ivory, but larger and more solid. Single plants 75c.

Fairview. Certificated at Philadelphia. Deep rich self crimson-lake, shade of Mrs. Drexel, large, full, solid, round flower, very attractive and the best variety of this color for exhibition purposes; habit dwarf. Single plants 50c.

Judge Addison Brown. Delicate chrome-bronze, shaded golden-yellow, of remarkable build and size, petals incurve and whorl, tip of flower cut and notched like Elk's horn, dwarf and robust habit. Single plants 50c.

Silver Cloud. Enormous, attractive, full double bloom, outer florets reflexing close to the stem ; color white suffused with most delicate salmon, giving a bright distinct appearance as though the sun were shining through it ; stiff stem, strong vigorous habit and a grand keeping variety. Certificated at Boston. Single plants 75c.

J. Pithers. Very large incurving bloom, with broad cupping petals covered with glandular hairs, color clear deep rich pink. Grand exhibition flower. Single plants 75c.

Great Republic. (Purchased from E. G. Hill.) A massive, gorgeous bronze of immense size, spherical in form and very distinct, color a pleasing shade, will win anywhere. Single plants 75c.

Cinderella. Large reflexed white flower, outer petals covering base of stem forming a perfect solid ball. Single plants 50c.

Christa Bell. (Purchased from E. G. Hill). Chaste and most attractive novelty, of immense size and perfectly double, having been grown and exhibited over twelve inches in diameter ; outer rows of petals deep rose, inner ones whorled, but rich apricot yellow ; a startling departure and effective exhibition novelty. Certificated at Indianapolis. Single plants 75c.

Mary Hill. A massive, hairy lavender-pink with lighter shadings, great depth and immense size ; a strong vigorous grower with stiff stems, form and build perfect. (This variety was purchased at a high figure from E. G. Hill, who furnished the description and guarantees its merits.) Single plants 75c.

Goliath. (Purchased from E. G. Hill.) Mammoth yellow bloom of largest size and most perfect form, being a large incurved ball of broad petals, without the slightest coarse appearance. First-class certificate at New York. Single plants 75c.

White Rock. (Purchased from E. G. Hill.) Superb large incurved Japanese, purest snow white, cupping petals, high flower, solid to the center, without an eye, approaching in form the Chinese section. Awarded prize at Philadelphia for best white seedling. Single plants 75c.

Single plants as noted; the collection of 25 varieties $10.00.

THE GROUP OF CHRYSANTHEMUMS SHOWN ON FRONT COVER IS FROM A PHOTOGRAPH PUBLISHED IN "AMERICAN GARDENING," NOVEMBER 8, 1893.

HILL & CO.'S SET.

Mrs. E. G. Hill. Size 7 to 8 inches in diameter, 3 to 4 deep, extra early, bright, clear pearl-pink, form full to center; a grand incurving sphere, stem stiff, blooms cut October 20th; were exhibited at Philadelphia November 8th; awarded Columbian Medal at Chicago; certificates at Indianapolis and Philadelphia. 75c. each.

Eugene Dailledouze. Large, full, double glowing, bright yellow, with magnificent foliage, free and easy grower, nothing brighter or clearer among yellows; center petals folded and closed as in Kioto, outer ones broad and of great substance. Winner of Rockwood Vase at Indianapolis; Columbian Medal, Chicago; Blanc prize, Philadelphia; first premium at New York; certificate at Toronto. $1.00 each.

Challenge. A late variety, being in full perfection towards the end of November, although in grand condition and ready for cutting three weeks earlier; the shape being a perfect globe of brightest gold, depth and width being equal, very strong stem and good foliage; somewhat dwarf in habit. $100 premium at Chicago; prizes at Indianapolis, New York, Toronto and Denver. $1.00 each.

Beau Ideal. A bright rose pink, without lavender shadings, form somewhat flat, incurved center, outer petals showing the bright pink, the incurving center shading lighter petals, broad and of great substance, flower large, borne on stiff stems with good foliage. In perfection last of October. $1.00 each.

Inter Ocean. Grand novelty of the V Morel type, from which it is a seedling; color, glistening pearly-white, suffused pink petals, of great substance; recurving, forming a flower one-third larger than V Morel. First premium at Chicago. $1.00 each. (Stock limited.)

THE FIVE VARIETIES, $4.00.

I am pleased to inform you your seed was extra fine, and I have got some very good varieties from it. There was not a single flower in the whole lot. All were double and good enough to retain for further trial.

A. WILLIAMS.

NATHAN SMITH & SON'S SET.

Laredo. Japanese, with whorled and incurving strap petals, deep pink, without a trace of magenta; a self-colored flower, in perfection about December 1st; unquestionably one of the best late pinks, a seedling from Ada Spaulding, with flowers equally double and seven inches in diameter. Silver cup at Toronto. 50c. each.

Iora. Large high built flower, petals tubular their entire length, whorled in arrangement; the color being light pink; a desirable novelty. Midseason, medium height, full and double, with good stem and foliage. 75c. each.

J. A. Pettigrew. Large late flower, ready to cut about November 20th, keeping qualities unexcelled; inner surface crushed strawberry, light buff reverse, outer petals reflex, center ones incurve, showing both shades to advantage. Certificated at Toronto. 75c. each.

Miss Hattie Bailey. A double reflexed Japanese; petals convexed and twisted; growth strong, of medium height; color dark bronzy-red; in perfection at Thanksgiving. Commercially the best late dark bronze. 75c. each.

Oriana. Seedling from Henry Balsley; a midseason bloomer; pink, outer petals reflexed, center incurving, never showing an eye; similar to Maud Dean in color and form but larger. Certificated at Toronto. 75c. each.

Ingomar. We recommend this variety for exhibition purposes. Its size and fullness make it specially desirable. Late, long tubular petals; color, yellow with bronze shadings; a tall grower. Certificated at Springfield. 75c. each.

J. N. MAY'S 1894 COLLECTION.

Achilles, (Pearl as exhibited.) Very large, bold, incurved, soft shaded pink, gradually changing to pearl white; style of "E. Hatch" with superior stem and foliage. Winner of prize at New York for the best variety any color. 60c. each.

Malmaison. Very large incurved, broad petals, clear pink at base, silvery or flesh pink on outside, half globe shaped; a pleasing flower with stiff stem. 60c. each.

Mayflower. White, very large, bold, irregular incurved flower, lower petals drooping in a graceful form, good stem and handsome foliage; grand in every way; an October bloomer. 60c. each.

Minerva. Exceedingly attractive, large, massive incurved flower, outer petals drooping, forming almost a perfect ball of the most vivid yellow. Certificated at New York and Philadelphia. 60c. each.

Titian. Very large, reflexed deep, clear rose-pink, good stout stem and foliage; late November bloomer. 60c. each.

Yellow Queen. Extra large, bright, clear yellow; one of the finest early varieties ever introduced, having perfected its flowers in the open air during the past two seasons by the tenth of October. Certificated at New York. 50c. each.

THREE GRAND NOVELTIES.

Clinton Chalfant. A magnificent golden yellow, upright dahlia like petals, forming a finely rounded flower of great substance; identical except in color with the well known variety J. H. White, from which it is a sport; an early ideal bloom.

Roger Williams. Very dark crimson, seedling from W. W. Coles, of large size, grand habit and form, stiff, erect stem; fine for market or exhibition use; one of the best dark varieties. Awarded silver medal.

Heron's Plume. Immense flower of purest frosted snow white, 8 inches in diameter, petals long and broad, resembling the beautiful plume of the white Heron. On first opening petals stand out straight and erect, but as the flower matures gradually curl and interlace, forming a round ball, appearing as if composed of ribbons; singularly eccentric and meritorious novelty.

50C. EACH, OR THE THREE FOR $1.00.

For several years I have tried raising seedlings, but with indifferent success. Last spring I purchasrd seed from several growers. The seed I got from you gave the *best* results. I have retained five plants and shall give them a good trial. One flower in particular being very full and large.

Yours respectfully,

A. H. SEAVER.

SPAULDING'S BLACK DIAMOND.

The very best crimson, (almost black) variety in cultivation for decorative purposes; rich, dark, self colored flower, positively without shadings of any other color, style of Cullingford, from which it is a seedling; habit dwarf, and self supporting; a perfect gem. 50c each.

MRS. J. GEORG EILS.

Magnificent California Seedling, ivory white, massive in build, recurving interlacing petals. This variety was cut twelve days before the Chicago Show and reached there in fine condition, being awarded a Special Columbian Medal.

SINGLE PLANTS $1.00 EACH.

MARIE LOUISE.

Beautiful recurving white, with interlacing petals, outer ones reflexing closely around the stem, inner ones building up full to center, forming a plumy globe; a healthy and strong variety of the easiest culture, perfecting its flowers about October 20th. Awarded Columbian Medal, first prize at Chicago.

SINGLE PLANTS 50c. EACH.

MLLE. THERESE REY.

Immense large creamy white Japanese variety, of superb form and size. The best cultivated novelty since the introduction of Vivian Morel. Single plants 50c. each.

MAJOR BONNAFFON.

Grand incurved yellow of largest size, full to the center, stem dwarf and erect. Special Columbian Medal at Chicago; certificate and first prize, Indianapolis.

SINGLE PLANTS 50c. DISTRIBUTED APRIL 1ST.

The seed purchased of you last spring was very fine and gave some excellent varieties. Compared with that I had from other growers it was far superior, as out of the lot I obtained nothing worth keeping except from yours.

Respectfully yours,

J. RENNEX.

JAMES COMLEY.

Mammoth bloom (imported from Japan), flowers measure over twelve inches in diameter, perfectly double petals and shape similar to Viviand Morel; color clear bright, mermet pink; habit strong and robust.

STOCK VERY LIMITED; $1.00 EACH. DISTRIBUTED APRIL 1ST.

FLOSSIE.

A magnificent Chinese reflexed variety; color ivory white, very free and profuse bloomer, grand for specimen or decorative use; remarkably strong, self-supporting habit, never needing a stake; early and dwarf.

SINGLE PLANTS 35C. $3.00 PER DOZ.

FOREIGN INTRODUCTIONS.

The eight varieties below are the choicest of the 1893 introductions, their fame having spread the world over. All are grand for commercial or exhibition use and every purchaser is guaranteed satisfaction.

Robert Owen. English seedling, incurved Japanese, bright golden yellow, thick broad petals; immense flower of great breadth and depth. Awarded two premier prizes by National Chrysanthemum Society and numerous certificates. 75c. each.

Baron Hirsch. A magnificent incurved bloom, of massive build and fine proportions, of perfect form; orange-cinnamon; inside of petals crimson; finest incurved acquisition for years. Five first-class certificates. Single plants 75c. each.

C. Shrimpton. Bright crimson, color similar to Cullingfordii, strong stiff flower of largest size and most perfect form. 75c. each.

L' Enfant des Deux Mondes. Magnificent white sport from L. Boehmer, partaking of all its good qualities, purest snow white, strong stem; habit perfect. Single plants 35c. each.

Wm. Seward. A grand, large, deep rich blackish crimson, florets exceedingly long and of firm texture; early flowering, being at best end of October. First-class certificate. 75c each.

Chas. Davis. Golden sport from the immensely popular Viviand Morel; light yellow, most brilliantly suffused rich apricot-yellow; grand variety of immense size; a perfect counterpart of the parent, having all its good qualities of size, health and form. Single plants 50c. each.

Viscountess Hambleden. Immense Japanese incurved, silvery-blush-pink; with a satin like surface, long broad incurving florets, full flower of exquisite form. A grand exhibition variety. Awarded three first-class certificates. (*Stock very limited.*) $1.00 each.

J. Shrimpton. Deep velvety crimson, with bright golden reverse, style of flower that of a magnified Cullingfordii. Certificated. 75c. each.

EARLY FLOWERING VARIETIES.

For out-door or early flowering this is the finest and most useful collection ever distributed, supplying a long felt want to parties with limited space or without greenhouse accommodations. In it are many striking varieties, which, with me, the past season, bloomed from September 20th to early in October, all previous to frost.

3090. **M. Dupuis.** Bright old gold, double; extra fine. 25c.

3111. **Mme. M. Cassagneau.** Inner petals incurve to center; delicate pink tipped salmon. 25c.

3112. **Mme. Chauvin.** Cream-blush, changing to white. 25c.

3131. **Vice-Pres. Hardy.** Large, golden bronze, lined dark red; extra fine. Certificated. 20c.

3141. **Mlle. Cassagneau.** Reflex, flat petals, edged and tipped, lilac cream center. 20c.

3156. **Sr. de L. Ferié.** Elegant golden yellow, full deep; extra fine. 25c.

3157. **M. A. Herlaut.** Very double, red bronze. 25c.

3160. **Prof. Welter-Croz.** Pure white, very double; extra fine. 25c.

3162. **Marquise de Montmort.** Stiff long stems; large flower, color of violet-rose; fine. 20c.

3169. **Mme. Jacob.** Double, brightest red Cullingford, reverse old gold; reflexes with age, showing the red. 25c.

3219. **M. Gayon.** Large, rich copper-bronze. One of the earliest. 25c.

3251. **Chancelier G. Valensi.** Style of Ninevah; deep pink, reverse rose. 20c.

3253. **Prefet L. Cohn.** Deep copper-bronze, reverse old gold, extra double. 20c.

3260. **M. J. Demaurex.** Rich dark purple, color of Mrs. E. W. Clark. 20c.

7069. **M. de Longhi.** Finely formed bloom, rich violet pink; extra. 20c.

12 PLANTS, MY SELECTION FROM THESE AND ADDITIONAL VARIETIES, $2.00.

If Choice of Varieties is left to me I will select according to my best judgment and experience, guaranteeing satisfaction.

DEAR SIR:—The Chrysanthemum seed, although planted less than a week ago, is coming up finely. I planted seed bought of two other seedsmen before planting yours, under same conditions, but as yet it has failed to appear.

Yours truly, W. BRACKETT.

DEAR SIR:—The Tuberous Begonias are a *great success*, and I am very much indebted to you for sending such fine plants; the flowers are very large and the colors exquisite. They have been a mass of bloom throughout the summer, and at this late date I cannot see any decrease in amount or size.

Yours truly, MRS. J. F. HAGEMAN.

OGDENSBURG, N. Y.

DEAR SIR:—The Chrysanthemums arrived in good condition and are excellent in quality. Please accept thanks for the handsome manner in which you filled the order. I had previously ordered elsewhere but would have done better to have bought all from you. Respectfully yours, THOS. LAWRENCE.

NEWPORT, R. I.

DEAR SIR—I wish to mention the fact that all the varieties of Chrysanthemums I had from you last spring, when flowered, proved to be true to name, which means a great deal to us when we show for competition.

Most respectfully, ALEXANDER MAC ZELLAN.

OUR MUTUAL FRIEND.

Represented by the above half-tone will be distributed by Mann Bros. March 1st. It is a magnificent variety with very large, full, broad, long drooping florets, forming a deep reflexed flower of purest white; fine stem and great keeping qualities. First prize and certificate at Boston.

SINGLE PLANTS 50C.

ROBERT OWEN'S 1894 NOVELTIES.

I am pleased to announce that I have made arrangements with Mr. Owen, of Maidenhead, England, by which I distribute his introductions in America at the same time as he does in Europe, (March 1st, 1894). The reputation of Mr. Owen as a distributer of nothing but meritorious and sterling varieties, as well as the fact that at the exhibitions last fall he was awarded FIFTY FIRST CLASS CERTIFICATES AND SIX SILVER MEDALS, is sufficient evidence to warrant their being placed in the first ranks of the 1894 introductions.

NEW YORK.

DEAR SIR—I received the plants all right, and a fine lot they were. Thank you for dealing so generously with me. I did not expect such choice varieties in a cheap collection. Yours truly, C. A. STEPHENS.

DEAR SIR—The Chrysanthemums came safely to hand and were in fine condition. I think they were the *best lot of young plants I ever received.* Many thanks for the extra ones you so kindly sent me.

Yours truly, T. V. BRUNDIGE.

DEAR SIR—When I received the Begonias last March I potted them in a mixture of rich earth, leaf mould and a small quantity of sand; they grew rapidly and by May commenced to flower, when I planted them out-doors; they have been a mass of bloom since June and a decided success.

Yours respectfully, ABM. N. GROESBECK.

CANNAS.

The Sensational Flower for 1894.

Few flowering plants combine so many qualities as the modern Canna; a race of sub tropical bulbous plants, of most easy culture, rapid reproduction, and good keeping qualities. Since the distribution by M. Crozy of his results from hybridization the floral world has been astonished by their luxuriance of foliage and gracefulness of bloom, which is of immense size, borne in large masses and trusses, combining in color the brightest and richest shades of yellow, red, orange and scarlet, the finest ornamental plant in commerce. Useful for the garden or greenhouse.

Rare and Choice Novelties.

The newest introductions of M. Crozy's distribution last year, all have been tested and found to be of superior merit.

Paul Bruant. Very large flowers; exceedingly brilliant intense orange-scarlet; plants entirely covered with large heads of bloom; one of the most distinct and valuable introductions up to the present time. Awarded Columbian medal at Chicago.

Sen. Montefiore. Center of petal deepest orange with a pinkish tinge, a beautiful shade; flowers heavily bordered bright lemon, the yellow and orange blended together, producing an exquisite effect; the most striking introduction of the season; flowers of large size, habit very dwarf.

Sec. Stewart. One of the very strongest growers; flowers and heads of the very largest size; in color, between Chas. Henderson and Alphonse Bouvier; a distinct variety; a tall, vigorous grower.

Prof. Gerard. Entirely distinct from other varieties and very marked in habit of growth and flower; leaves stiff and erect; resembles "Musa Ensete;" the flowers are stiff and erect, of intense brilliant scarlet; a very valuable introduction.

Explorateur Crâmbel. Cardinal red with bright crimson splashings marked and blended through the cardinal; large spikes of bloom; considered one of the most valuable of all; habit of growth medium.

Nardy Pere. This might be described as a dark-leaved Bouvier; dark green leaves marked and striped with dark maroon.

Maurice Mussy. Immense loose heads of flowers of the largest size; crimson-scarlet suffused with orange.

Egandale. Fine purple foliage; compact flower spikes with bright cherry colored flowers. Columbian medal at Chicago.

Admiral Gervais. A miniature Crozy; much dwarfer habit; never grows over three feet in height; valued on this account.

G. Sennholz. Very distinct; an odd and peculiar color, approaching a pinkish shade; fine in every way.

Marquise A. de Laigle. Scarlet, broad yellow edges; style Mme. Crozy.

35c. EACH. THE COLLECTION OF 10 VARIETIES $3.00.

Alphonse Bouvier. The grandest of all Cannas, for bedding or out door decoration; very early flower and continuous bloomer, often at one time having in perfection thirty to forty bright crimson flowers of very large size. Awarded Columbian medal at Chicago. 25c. each; $2.50 per doz.

Alice Lefebvre. Richest deep chrimson blooms, spotted darker shade, flowers large and of grand form; foliage rich bright green; habit perfect; height about four feet. 20c. each, $2.00 per doz.

Baron de Sandrans. Style of Mme. Crozy, but much more floriferous; a magnificent variety of strong habit and medium height. 20c. each; $2.00 per doz.

Chas. Henderson. By far the finest introduced since Mme. Crozy; habit identical with that well known variety; flowers immense in size, of the brightest clear crimson; as a pot variety it has no equal. 50c. each; $3.50 per doz.

Count Horace de Choiseul. Very dwarf, close compact habit, large flowers of a beautiful deep crimson shade; fine pot plant or bedder. Columbian medal at Chicago. 35c. each; $3.00 per doz.

Capt. P. de Suzzonii. One of the best yellow bedding varieties in commerce; carrying an immense spike of blooms, slightly mottled scarlet; distinct in habit; foliage approaching that of the banana. Columbian medal at Chicago. 35c. each; $3.00 per doz.

Doyen J. Sisley. Dark chocolate colored foliage, with beautiful orange-scarlet flowers; borne on strong erect stems in magnificent tresses; a grand variety. 20c. each; $2.00 per doz.

Florence Vaughan. The best yellow Canna in commerce to date; lemon-yellow, spotted bright red; strong, robust grower, with flowers of largest size. Single plants 50c.; $3.50 per doz.

Francois Crozy. Identical in form and habit with Mme. Crozy except color, which is bright orange, narrowly edged bright gold. Awarded Columbian medal at Chicago. 25c. each.

Geoffrey St. Hillaire. Best dark leaved canna in commerce; dark maroon-colored leaves with a rich metallic or bronze lustre; massive tresses of large orchid like flowers of a deep glowing orange. 20c. each; $2.00 per doz.

H. A. Dreer. Rich, dark, copper-bronze foliage, heavily veined with a lighter shade; flowers large, of a bright crimson shade. A grand striking and distinct variety. 20c. each; $2.00 per doz.

J. D. Cabos. Dark, greenish-maroon foliage with brilliant lustre, bright orange or apricot; flowers of large size; one of the most distinct of all cannas, being a fine grower; very early and continuous bloomer. Awarded Columbian medal at Chicago. 35c. each; $3.00 per doz.

Mme. Crozy. Flaming scarlet bordered with gold; the ideal variety, flowers of immense size; borne in large tresses on stiff erect stems; most attractive bedding or pot variety. Awarded Colmmbian medal. 20c. each; $1.50 per doz.

Nellie Bowden. Self-colored, rich, bright yellow, with broad, heavy petals of largest size and perfect form. The first yellow entirely free from spots or shadings; novelty of 1893. 25c. each; $2.00 per doz.

Paul Maqruant. Most distinct and handsome, profuse bloomer, with grand, rich, bright salmon flowers as beautiful as an orchid; magnificent bedder and one of the finest for greenhouse culture. Columbian medal at Chicago. 30c. each; $2.50 per doz.

President Carnot. Large beautiful flower; orange-scarlet, suffused with pink; foliage brilliant chocolate-maroon; a fine dark-leaved variety, distinct and good. 35c. each; $3.00 per doz.

Star of 1891. More dwarf than Mme. Crozy, valuable on this account; a mass of scarlet bloom; elegant for pot and decorative purposes, as the plants seldom exceed two feet in height. 20c., $1.50 per dozen.

Sarah Hill. Richest carmine; immense in size; erect trusses; equal if not superior to A. Bouvier; very free flowering; a grand variety. 20c. each, $1.50 per dozen.

Robusta Perfecta. An old favorite for massing or to produce tropical effects; tall growing, with large, broad, heavy foliage of the darkest metallic bronze; flowers bright red, medium in size; grown specially for foliage effects. 15c. each, $1.00 per dozen.

Ventura. A California seedling; a prince among Cannas; flowers largest size, measuring five inches across, deep, rich scarlet; deep green foliage, edges darkly lined. 20c. each, $2.00 per dozen.

Sr. d'Aza Gray. Large light salmon; flaked and streaked carmine; foliage bright green; 3 feet. 20c. each.

Mme. Jnst. Large bright chrome-yellow, bordered salmon; foliage green; grand variety. 20c. each.

Duchesse de Mortemart. Lage, rich bright yellow, spotted red; foliage green; 4½ feet. 20c. each.

H. L. de Vilmorin. Entirely distinct, pleasing color, center brownish red, shading at edges to bright yellow. 20c. each.

A Choice Bargain.

In addition to above selection I have a collection of nearly one hundred varieties, the choicest of M. Crozy's other introductions, that I can supply, my selection, in magnificent named sorts, by the 100 only:
